Sir,

I have the honour to invite
reference to my letter no: 54, dated 13th
Agg
December 1905 submitting for approval
of Government two classes of documents
executed in favour of the Deputy Com-
missioner by certain members of the
late Saklespur Agricultural Bank.
Regarding the Agreement mortgage
bonds (referred to in para 2) executed
by the marginally noted estate owners
concerning repayment of the deficit
of working expenses advanced to

them by the late Bank, I beg to point out that the amount mentioned in each of these seven documents does not include proportionate cost of the pay and Travelling Allowance of Mr. H. Pitkington and his peer, Contingence or other charges referred to in para 1 of Government Proceedings No: R.3176-80 Dated 11th February 1903 and in Government Proceedings No: R.3387-9 Dated 23rd February 1903, wherein it was directed that such cost should be met from the funds of the two Coffee Banks at Chikmagalur and Sakleshpur in equal shares. But it is not known as to what proportion of such moiety of cost should be made chargeable to each Estate Owner concerned and to the Udavar Estate under separate management of a Superintendent appointed by Government in addition to Mr. H. Pitkington.

2. I therefore request instructions of Government in the matter.

3. In para 12 of my letter No: 108 Agp Dated 30th June 1905 I have already pointed out that there

are 20 Estates which were connected with the late Chikmagalur Agricultural Bank of which an area of 1256 acres is under cultivation. Whereas there is an area of only 634 acres under cultivation concerning only 10 Estates which were hypothecated to the late Saklespur Agricultural Bank viz only half the number of Estates and area under cultivation. Hence it is obviously an unfair division to debit an equal share of the above mentioned cost to the respective accounts of the Saklespur and Chikmagalur Agricultural Banks.

4. I would therefore suggest that only one-third of the said cost may be made chargeable to the accounts of the late Saklespur Agricultural Bank and the remaining two-thirds to the accounts of the late Chikmagalur Agricultural Bank. I would further suggest that if the above mentioned cost has to be distributed for being debited separately and proportionately to

to the account of each Estate owner
to whom advances were paid for
working expenses of their Estates under
the name of arrangements appeared
to Government Proceedings No: R.2407-10
R.7.100-96
Dated 28th November 1902, the Distribution
may be made in proportion of the
belonging to each owner for the
cultivation of which such advances
were made.

3. In conclusion I request that you will be so good as to obtain early orders of Government on the

early orders of Government on the
above points, and concerning
the resolution of Registration fees
on the two classes of documents

Proceedings of the Government of His Highness
the Maharaja of Mysore.

Read:-

Letter No.509 dated the 16th January 1906, from the Deputy Commissioner of the Kadur District submitting for orders a letter from the Comptroller to the Government stating that a moiety of the pay and allowances of the Inspector of Coffee Estates will be charged to the Chick-magalur Agricultural Bank as was done during the first period of his employment.

Letter No.66/Ag.B. dated the 31st January 1906 from the Deputy Commissioner of the Hassan District on the subject.

Order thereon No. *JC 5201-3* *2*
Dated Bangalore, 22 February 1906
B. 2-05-16

A moiety of the pay and allowances of the Inspector was properly chargeable to the income of the said Bank during the time it was working, and it should have been adjusted in the half yearly balance sheets of the Bank. As it was not so adjusted and the Bank has ceased to work, the amount of arrears has become a charge on the surplus of the Bank. The pay and allowances of the Inspector subsequent to the winding up of the Bank cannot be charged to its surplus

The members of the Bank who individually undertake to discharge the liabilities of the Bank after its dissolution to the extent of their own debts to the Bank, and derive some benefit by the visits of the Inspector to their Estates ought to share the charge. It amounts to but $\frac{1}{2}$ or $\frac{2}{3}$ per cent per annum on the principal sum due by each; but in view of the circumstances under which the interest on the arrears of working expenses advanced to the members was reduced from 6 to 4 per cent, the Government are pleased to direct that from the date of the commencement of the

9

winding up of the Bank the charge be debited to State Funds.
